DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 8 and 16-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claim 8, clear and proper antecedent basis for the "steps" (line 1) should be defined.

In regard to claims 16-18, clear and proper antecedent basis for said "at least one location" (claim 16 and 17, lines 2 and 3; and claim 18, line 2) should be defined.

Allowable Subject Matter

Claims 1-7, 9-15 and 22-106 are allowed.

Claims 8 and 16-21 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

The following is a statement of reasons for the indication of allowable subject matter: none of the prior art of record, alone or combination, teach Applicant's invention of a medicament dispenser inclusive of a means for detecting changes in performance of a sensor and adjusting the operation of the dispenser to compensate for said changes, means for resisting deposition of contaminants, or means for removing contaminants, as claimed.
